SKILLS

- **Languages**: Python, C, C++, Java, JavaScript, SQL
- **Frameworks**: Django, Flask, FastAPI, Tailwind CSS
- **Databases**: MySQL, SQLite, PostgreSQL, MongoDB
- **ML/AI**: Machine Learning, Deep Learning, NLP, Computer Vision
- **Tools**: Git, Docker, Linux, PowerBI, Tableau, Excel
- **Concepts**: Data Structures, Algorithms, OS, DBMS, OOP, DevOps
- **Soft Skills:** Problem-Solving, Storytelling, Adaptability, Curiosity

PROJECTS

QuickCart – Instant Smart online Grocery Platform | GitHub Jan' 2026 – Feb' 2026

- Engineered and deployed a full-stack Blinkit-style grocery delivery platform on render, featuring dynamic product catalog, category hierarchy, and intelligent cart system supporting real-time quantity updates and seamless checkout workflow.
- Implemented secure authentication, session-based user management, and role-controlled admin dashboard for product, inventory, and order lifecycle management with optimized database queries and AJAX-driven asynchronous UI updates.
- Designed a responsive, scalable architecture with modular Django apps, ensuring efficient search, wishlist handling, order tracking, and smooth user experience across devices.

Tech Used: Django, Python, SQLite/MySQL, HTML5, CSS3, JavaScript, Django ORM, Authentication, Admin Panel, Git/GitHub.

NetflixCustomerChurnPrediction – Predicting Customer Behavior Modeling | GitHub Sep' 2025 – Oct' 2025

- Architected a robust end-to-end customer churn prediction system, integrating data ingestion, preprocessing, feature engineering, model training, and scalable deployment within a unified ML pipeline.
- Optimized a LightGBM classification model delivering high predictive performance (~95% accuracy), with comprehensive validation, hyperparameter tuning, and interpretable feature analysis for business insights.
- Deployed a containerized real-time prediction service using Docker, exposing secure endpoints via Flask and ngrok, paired with a responsive web interface for interactive churn risk evaluation.

Tech Used: Python, LightGBM, scikit-learn, Flask, Docker, ngrok, HTML5, CSS3, JavaScript, VS Code, Git/GitHub.

ElectronicReviewAnalysis – NLP-Based Customer Sentiment Insights | GitHub Mar' 2025 – Apr' 2025

- Developed scalable electronics review analytics platform by scraping 500+ products reviews from Flipkart using Python and BeautifulSoup, enabling structured data collection and processing.
- Applied NLP pipelines with text preprocessing, tokenization, TF-IDF vectorization, and sentiment polarity scoring, achieving ~90% sentiment classification accuracy and identifying key customer opinion trends.
- Built interactive data visualization dashboards with Streamlit to present sentiment distribution, review patterns, and product intelligence, enhancing research and decision efficiency by ~40%.

Tech Used: BeautifulSoup, NLP, PyCharm, Data Visualization, Sentiment Analysis, Streamlit, Matplotlib, Seaborn, Git/GitHub.

TRAINING

Advanced Python For ML and AI | CSE Pathshala | Certificate Jul' 2025

- Gained Practical experience on Python for Machine Learning & AI training by implementing real-world ML workflows.
- Built and evaluated models using scikit-learn, TensorFlow, with data preprocessing, feature engineering, hyperparameter tuning.

CERTIFICATES / CERTIFICATION

- Introduction to Cloud Computing (IBM) | Coursera | Certificate Sep' 2025
- NPTEL – Introduction to Machine Learning | Swayam-Nptel | Coursera | Certificate Apr' 2025
- Software DevelopmentProcesses and Methodologies (University of Minnesota) | Coursera | Certificate May' 2024
- The Bits and Bytes of Computer Networking (Google) | Coursera | Certificate Jan' 2024

ACHIEVEMENTS

Data Structures & Algorithms Excellence Feb' 2026

- Solved 500+ problems across LeetCode, GFG.

Competitive Programming Feb' 2026

- Achieved 1304 rating on CodeChef, through consistent contest participation.

Merit Scholarship Feb' 2026

- Honored with SBI Asha, HDFC merit-based scholarships.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology in Computer Science and Engineering (Hons) - CGPA: 8.79 Since Aug' 2023

Narayana Junior College Nandyal, Andhra Pradesh
Intermediate – Percentage: 97.4 Jun' 2021 – Apr' 2023

Sarvagna EM High School Nandyal, Andhra Pradesh
Matriculation – Percentage: 98.3 Jun' 2020 – May' 2021
